

FT-ML1752

Pure Copper Mirror Light

Bathroom Vanity / Mirror Cabinet Lighting

PURE COPPER BODY

An elegant pure copper mirror light designed to bring refined illumination to bathroom and vanity spaces. Crafted from solid pure copper with beautifully detailed accents, it combines timeless vintage style with durability. The sealed construction helps protect the fixture from humidity and moisture, making it ideal for bathrooms and other moisture-prone environments.

Pure copper construction

180° adjustable lamp head

Sealed, humidity-resistant design

Available in 7W / 9W / 12W

Color temperatures: 3000K / 4000K / 6000K

180° ADJUSTABLE

Adjust the lamp head up or down to achieve the perfect lighting angle for any setup.

SEALED DESIGN

Sealed structure helps prevent moisture ingress, making it ideal for humid bathroom environments.
